## Restorations, Crowns, Bridges and Veneers

I understand and consent for restoring my teeth(s) with filling, crowns, bridges, veneers etc. as discussed and explained to me by dentist and as such associates.

I have been explained to me that there are certain inherent and potential risks in any treatment or procedure (incl. the admission of necessary local anesthesia) which include and not limited to the following:

- Postoperative discomfort and swelling that may persist for several days
- Stretching of the corners of the mouth may result in cracking or bruising
- Possible sensitivity to hot and cold temperatures for several weeks
- Avoid biting on filling(s) for 24-48 hours after initial insertion
- Sometimes a tooth can abscess and require a root canal, buildup and crown at an additional fee.
- Sensitivity to the filled/crowned teeth that may necessitate root canal treatment or extraction
- Discoloration of the gums tissue incl. irritation
- Swelling, bruising, and bleeding of the adjacent gum tissue
- Bite adjustments may be needed after insertion
- Composite(s), sealant(s), and/or laminate veneer(s) may need replacement at a future date for an additional fee

Crowns, bridges, veneers etc. may need additional visits to complete the treatment. Impressions are made for some of these procedures and the entire procedure (post-op) must be completed in 45 days. Failure to do so may result in impressions redone with additional fees to remake the impressions.

No guarantee or assurance has been given to me that the proposed treatment will be curative and/or successful to my complete satisfaction. Due to individual patient differences there exists a risk of failure, relapse, selective re-treatment, or worsening of my present condition despite the dental care provided. However, it is the doctors opinion that therapy would be helpful, and that a worsening of my condition would occur sooner without the recommended treatment.

I certify that I have has an opportunity to read and fully understand the terms and words within the above consent and procedures.
